Bristle paint brush (Not a soft bush) ¼" wide or a little smaller don't bring your best (these are for your under painting).

Pastels:

Also one 12 or 24 count set of Derwent or Stabilo Carb Othello Pastel Pencils. And any hard pastel collection please bring them. If you'll be doing a landscape with an animal in it please bring your collection of soft pastels as well.

If you have any questions please contact the artist. deb@lafogg.com.

Please NO oil pastels.

Pointers for picking the right photo:

Bring several photos of animals (Close ups are great). Please look at you photos closely. Ask yourself is the photo well lit? What makes you want to paint it?

Bring several photos of landscapes, birds and animals, one that is the original and one that is very light so you can see that detail in the shadows.

Bring several reference pictures to choose from....

Please look at you photos closely. Ask yourself, what is the focal point, is the photo well lite? What makes you want to paint it? Is it a photo of a pet?

If it's a pet, make sure there is good detail and lighting. You don't want to miss out on details that are in deep shadow. That will make your painting look it has a black hole.
